

Road Construction Notice:

200 and 400 North Sewer Replacement Project

The Logan City Sewer Replacement Project on 400 North is scheduled to **begin as early as mid-May**. This work will complete essential upgrades to the sewer infrastructure along 400 North. The existing system has exceeded its serviceable lifespan, making these improvements vital for ensuring reliable service to adjacent properties.

400 North Construction

May - July: Main Street to 700 East

logansewerproject.com

Construction Impacts and Traffic Control:

The sewer pipeline is in the eastbound travel lane of 400 North. During construction, east and westbound traffic will be shifted away from active work locations. **Please see project website for the latest traffic control. Traffic restrictions may progress through phases.** Property access points may be briefly restricted during construction hours. **SHOULDER PARKING WILL BE RESTRICTED.** Please slow down and exercise caution near work zones marked by orange barrels and cones.

Schedule*

Project Start: As early as Mid-May

Days: Monday-Friday

Estimated Completion: July
